Embracing Imperfections: A Meaningful Women's Day Kintsugi Workshop

The Women's Day Kintsugi Workshop, held on 12 March 2026, was a truly enriching and memorable experience for all who attended. Rooted in the beautiful philosophy of celebrating imperfections, the session introduced participants to the traditional Japanese art of Kintsugi, where broken pieces are carefully restored, symbolizing resilience, healing, and strength.

The workshop offered a hands-on, immersive experience, allowing participants to not only learn the technique but also reflect on the deeper meaning behind it. As each piece was thoughtfully restored, it became a powerful metaphor for embracing life's flaws and transforming them into something unique and beautiful.

Bridging Borders: Strengthening Indo–Australian Business Synergies

Fostering meaningful global partnerships, the World Trade Center Bengaluru, in collaboration with the ANZ India Business Chamber (ANZIBC), successfully hosted the ANZIBC Regional Business Meet in Bengaluru. The event brought together members of the Australian Business Mission to India, creating a dynamic platform for insightful discussions on trade collaboration and emerging investment opportunities.

The session featured valuable perspectives from key industry and trade leaders, including Vivek George, AGM – World Trade Center Bengaluru, who shared insights on strengthening bilateral business engagement. The evening concluded with a networking dinner, offering delegates and industry stakeholders an excellent opportunity to connect, exchange ideas, and explore new avenues for collaboration.

Navigating Tariffs & Trade: India in a Changing Global Order

Our recent virtual dialogue on US tariffs and their implications for India's trade landscape brought together sharp insights and engaging perspectives, set against the backdrop of an evolving global geopolitical environment. The session featured T. P. Sreenivasan, Former Ambassador of India and Permanent Representative to the UN in Vienna, who offered a nuanced understanding of the shifting trade dynamics and their broader impact.

Moderated by D. Dhanuraj, Chairman of the Centre for Public Policy Research, the discussion unpacked complex policy and economic dimensions with clarity and depth. The session commenced with opening remarks from K. K. Pillai of the Export Promotion Council for EOUs and SEZs (EPCES), the program partner.

Powering Global Growth: Unlocking International Opportunities Through the WTCA Network

Global trade today is driven not just by products, but by strong networks, ecosystems, and partnerships,” emphasized Karnvir Mundrey while moderating the latest edition of the Discovery Series.

The tenth episode of this engaging virtual initiative marked a strategic shift - from exploring individual country markets to understanding the powerful ecosystem that fuels global expansion: the World Trade Centers Association (WTCA) and its extensive international network. Drew, Vineet Verma, Thomas Young, and Robin van Puyenbroeck.

Building on the success of previous sessions covering key markets such as the UAE, Japan, the Netherlands, the Philippines, France, Australia, Nigeria, Vietnam, and Belgium, the WTC-BCIC Discovery Series continues to broaden its global perspective, empowering Indian businesses to navigate and thrive in an increasingly interconnected world.

Golden Scars, Beautiful Stories: A Kintsugi Celebration at BuzzWorks

Rooted in the ancient Japanese art of repairing broken pottery with gold, the session became a symbolic celebration of resilience, strength, and self-love, reminding participants that our imperfections are not flaws, but the very elements that make us unique.

More than just a craft activity, the workshop embraced the deeper philosophy of Wabi-Sabi, finding beauty in imperfection and transience. Set against a calm and inviting backdrop, the experience encouraged attendees to slow down, reconnect with themselves, and engage in meaningful storytelling through art.
